

Dear Friends,

The last three months since I wrote my first Newsletter have gone by very quickly. I am delighted to say that I have had a lot of speaking engagements with only one free weekend during all this time. It has been good to have so many opportunities to talk about our Creator and Saviour as well as other biblical topics.

I have spoken at a variety of meetings: Sunday services, a Harvest Festival, young people's meetings, a couple of day conferences, a Punjabi Church and Irene and I also gave our testimonies at a Shabbat Meal. After one talk a lady in her eighties said, "I really enjoyed that; you have made me really think about what I believe." After the same talk a 12 year old boy said, "That's the best sermon I've heard. I really liked the illustrations – it made it so that I could understand what you were talking about." It is good to know that people can be challenged about the Lord regardless of their ages.

A few people have booked me to speak about Bible topics other than Creation but I want to assure you that I have certainly not abandoned creation ministry and believe it is as necessary as ever. In fact the need for such ministry is exemplified by what a man said to me at the end of a general talk about creation. He said, "Your talk has made me really think about origins. Until now I've tried to make the Big Bang fit Genesis but now I realise that I can't."

Irene and I have been amazed at the Lord's provision over the last few months. I want to give a big **thank you** to everyone who has supported us since we began this new ministry in August. One person e-mailed us to say that it was great to see us pressing ahead with our work. It is! And with God's help and guidance and with your prayers and support we will continue to do so.

Irene and I wish you a blessed Christmas and New Year,

Dr Monty White

Bookings

If you would like to book me to speak at your church please contact Irene. She will be happy to arrange things with you. I have still got a lot of free dates in 2009.

Our House Move

Sadly the week after we wrote our first newsletter our house sale fell through. We are still living in Market Harborough and our house is still up for sale. Please continue to pray for us.

Website

www.biblicalfoundations.org.uk has been active since 11th October. Do log on and keep abreast of our news and where I am ministering. If I am speaking at a venue near you, do come along and please introduce yourself, we would love to meet you.

Setting up before a meeting in London – we thank the Lord for His provision of my new equipment.

Ruby Wedding Anniversary

Time goes so quickly: we can hardly believe that on 25th January we will have been married for 40 years. We will be having a service of blessing and vow renewal with family and a few friends and then we will go to Rome for a few days.

New DVD

I am sure that you are aware that 2009 marks the bi-centenary of Darwin's birth. We need to be equipped so that we can make a good response to the propoganda that will inevitably accompany this anniversary. *Was Darwin Deluded?* is the title of my latest DVD. It covers briefly the early life of Darwin and then shows how his misunderstanding of the Genesis account of Creation (something that he picked up in his theological studies at Cambridge) led him to produce his account of the origin of species. Subjects covered include Biblical kinds; natural selection; the peppered moth fraud; suffering, disease and death; Darwin's supposed conversion; and the Gospel.

I believe that the country's celebration of Darwin's birth is so important that we need to get this DVD into the hands of people so that they understand what Darwin taught and why he taught it. You can purchase this DVD from me via mail order. Please send me a cheque for £11.20p (including P&P) - made payable to **Dr Monty White**.

Genesis TV

For the next few months at least Irene and I will be appearing on Genesis TV (Sky 592) at 1.00 pm on the second Tuesday of each month. If you can't watch the programme please do pray for us as live broadcasts are a bit scary. Please also pray that we will think up enough topics to keep the programme interesting.

We recently heard of a middle-aged couple who came to the Lord as a result of watching this channel, so you never know who is watching. It is a way of reaching several thousand people at a time. Please also pray for Howard and Lesley Conder and the team as they seek to serve the Lord in this way.

The Pagan Society

Some of you may recall that about four years ago I spoke at a meeting organised by the CU of Stirling University. It was a difficult meeting with the Pagan Society attending *en mass* (over 100 of them were there). Imagine my delight when a few weeks ago I received a letter from one of them to say that she became a Christian two years ago. No wonder there is rejoicing among the angels in heaven when just one sinner repents!
