

Dear Friends,

"Commit thy way unto the Lord; trust also in him; and he shall bring it to pass."
Psalm 37:5

I am sorry that this newsletter is a little late – it was due in September – but life has been very busy for us over the last two months. Please join with us in praising the Lord for answered prayer – we have at last moved house! We sold our house in Market Harborough at the beginning of August with the proviso that we moved by the end of the month! As you can imagine we were thrown into a very busy three weeks of packing up our home, arranging furniture removers etc. We also had to fit in a family wedding.

During this time we had to find ourselves a house in South Wales. We knew that the Lord was guiding us to where He wanted us to live as the three houses we had our eyes on each were sold days before we sold our house. We dashed down to South Wales on Friday 7th August and fell in love with the first of the four houses we were due to view that day. By noon the house was ours and the vendors even agreed to move out by the end of August.

On 26th August all of our worldly goods were loaded onto the furniture vans and then the fun began! Half an hour after the vans drove off our solicitor phoned to say that we could not have the house! At that stage it was a case of possibly a day later than agreed, or several weeks or maybe never. Despite the stressful situation we truly experienced the Lord's help and peace; we felt as though He was carrying us. Fortunately, we were able to move into the family caravan and eight days later we moved into our new home.

Moving out

Moving In

In the middle of all this my mother died (she was 86 years old and a believer) so on 4th September, the day after our move, we had to go up to North Wales for her funeral. Our youngest son drove us there and back as we were so exhausted by everything that had been going on. This move has certainly made us both aware of our ages and the inevitability of the effect of our bodies running down and wearing out as a result of the inherited curse through Adam.

We have learnt a very practical example about the sovereignty of God and of how He really does know the end from the beginning. When you truly commit your life to Him and ask Him to take control, He really does. Scripture tells us that His ways are higher than our ways and that certainly has been our experience with this house move. He has allowed us to buy a larger house than

Letter continues overleaf

Book News

During the summer I finally finished re-writing my book *What About Origins?* I am delighted to say that it has been accepted for publication by *Day One* publishers – I do not yet have a publication date but will let you know as soon as it is available. I am also pleased to say that John McKay of *Creation Research* has kindly written the foreword to this book.

Ministry Update

Since our last newsletter, I have only had a few speaking engagements due to the fact that things are always quieter during the summer months.

One notable meeting was a weekend of ministry in Howarth, Yorkshire – the hometown of the Bronte sisters. The hosting church had worked hard preparing for an afternoon of outreach in the picturesque town.

One lady even took her dog, who was wearing a coat of witness, with her as she distributed tracts and invitations to the tourists. I repeated the same talk at intervals throughout the afternoon and then in the evening there was a larger meeting where I gave a full length talk.

"Was Darwin Deluded?" asks the dog!

the others we wanted to buy. If He had answered our prayers a year ago we would not have been able to have this house as it was not for sale at that time. Also it was being altered and made into just the size we needed.

Another amazing thing is how the Lord did not permit us to have any speaking engagements for the beginning of September – we would not have coped. It was difficult enough to fit in our monthly TV slot on Genesis TV. It is frightening, as well as exciting, to know just how much the Lord is involved in our lives. We just need to learn to trust Him more and also to trust in His timing.

At the moment of writing we are still waiting to be connected to the internet. Please accept our apologies for not responding to any of your emails that we are still waiting to receive. We are also sorry that our website has not been updated for a while.

Now it is time to get on with working for the Lord for as many years as He gives us the health and strength. Life truly is like a vapour (as it says in James 4:14) and there is so much to do to reach people with the good news of the Gospel of our Lord Jesus Christ. Our thanks to all of you who support us so that we can follow our calling. May you also know the Lord's blessing and help in all that you do for Him

God bless you all,

Dr A J Monty White

Quality Control

In July I spoke at a meeting in Chesterfield where the talk was filmed so that my DVD **Geological Time Bombs!** could be re-recorded. The sound quality on the original version was not good. If you purchased one of the original DVDs of this message and have a problem with the sound quality please contact me so that I can arrange to replace it for you.

Feedback

We were greatly encouraged during our September *Talk God* TV programme as one viewer emailed the programme to say how much he had been helped by us, and others, and that he had moved from being a sceptic believing the Bible was full of myths, to a committed Christian who believes all of the Bible. This was so encouraging to us and spurs us on to continue with the daunting task of two hours of live TV each month. Don't forget that we are on Genesis TV (SKY Channel 592) on the second Tuesday of each month at 3.30pm – the programme is LIVE so please pray for us. Due to the fact that I will be ministering in Switzerland in November we will not be having a programme that month.

In the December Newsletter I will report to you about the school ministry I did at the end of September.

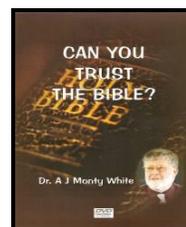

New Ministry

November will be quite a busy month for us as I have a number of speaking engagements throughout the month including a long weekend of ministry in Aesch, near Basel in Switzerland at the beginning of the month. I also have a weekend of ministry in Tongham and Normandy, Surrey followed by ministry in Scotland on our way to the Isle of Skye. A Christian couple have kindly offered us a holiday on the island. I will probably have a number of speaking engagements during the week we are there.

I will return home just in time to celebrate my 65th birthday at the beginning of December.

If you are able to please look at our website to see where else I am ministering.

New DVD

I am pleased to tell you that my talk **Can You Trust the Bible?** is now available on DVD. This talk gives, among other things, archaeological evidence to show you really can trust the Bible. You can obtain copies of it (and my other DVDs) for £10 each plus £1.20p for P&P by sending your order to me at the address below. Cheques made payable to "Dr Monty White" please.
