

Dear Friends,

I have been kept steadily busy since I last wrote to you two months ago. There is not enough space to mention all of the meetings where I have spoken, so I will just mention a few of the ones that stand out in my mind.

I always enjoy giving my testimony – telling people that my parents brought me up to be an atheist and that they failed miserably! I am so glad that the Lord did not give up on me and that He revealed to me the price that Jesus had paid for my soul at Calvary. Early in March I was asked to give my testimony at a Saturday morning Men's Breakfast in South Wales. I felt greatly privileged to be their first speaker and honoured to be invited back later this month to give them another talk – this time it will be about why I believe in creation.

In March I was invited to speak at a Day Conference of the United Protestant Council which was held in London. They asked me to give two talks – *The Implications of Evolution for the Nation* and *The Implications of Evolution for the Church*. A summary of these talks was printed in *The British Church Newspaper*. As a result of the talks being advertised on my website [www. Biblicalfoundations.org.uk](http://www.Biblicalfoundations.org.uk) I have been asked to give them at a number of other venues. When I gave these talks at the Newark Fellowship recently they were recorded and will soon be available on DVD. If you would like me to give these talks at your church please let me know.

Like every Christian, I really enjoy Easter Sunday – that special day in the Christian calendar when we remember the resurrection of the Lord. This year, I preached at both the services on Easter Day at a small church in the South Wales Valleys. What was particularly thrilling was that at the morning service there were a number of ex-offenders whose lives had been, or were being, transformed by the risen Christ via the ministry of Victory Outreach UK. Here is proof that Jesus Christ is risen and that He is still impacting on people's lives and building His church!

I thank God for these opportunities to declare His truth and look to Him for help with future meetings.

Yours sincerely in Christ,

**Dr Monty White**

## Out at Last!

*Eyjafjallajökull Volcano*

*New Book*

Who would have thought that my book *What About Origins?* would be affected by the volcano in Iceland? It was printed abroad and as a result of the grounding of flights due to the volcano, there was a slight delay in its publication. You can probably imagine how excited I was when it eventually arrived. Irene and I quickly set about sending out copies to all the people who had ordered advanced copies from me.

*The Books Arrive*

*Packing the Orders*

One person's reaction to it was in an email that exclaimed: "Excellent! It really brings together all that is important in a manageable-sized volume. Very well written and very readable."

I just hope that it helps people.

Copies are available from me at the address overleaf, or via the new web store on our website, for £10 [incl.P&P] (cheques payable to "Dr Monty White") or by credit card and PayPal on the web.

## BULGARIA

*"Go and teach all nations..."*

*Matthew 28:19-20*

Ever since our first ministry tour of Bulgaria Irene and I have been greatly burdened for that needy country. We are delighted that I have been invited to do some more ministry in Bulgaria in May 2011. This is such a wonderful opportunity. However, despite the fact that Bulgaria is now a member of the EU, it remains a very poor country. There is no way these needy Christians can cover the expenses for this trip and so I am appealing to you, our supporters, to ask you to prayerfully consider if you would like to give us a one off donation towards the cost of this trip. We think that the 12 days of ministry will cost us about £1,500. We have to cover the costs of our flights, our accommodation and many of our meals. If we get sufficient funding we will also be able to pay the fuel costs of Darin Ivanov who will be our escort and translator.

As a result of my ministry in Bulgaria over the years, and with some financial support from the USA, Darin has established a creation ministry in Bulgaria. Darin is an able translator and interpreter and he has translated a number of pamphlets, booklets, and books into Bulgarian and these have been printed in Bulgaria. We have been blessed in the past when we saw Christians, hungry for creationist literature, literally devour these materials at the end of meetings.

The Lord has opened a number of doors for Darin and perhaps one of the most impressive is that Darin was able personally to present some creationist material to the President of Bulgaria.

We are grateful to those of you who give us regular support and do not wish to overburden you with this request. You know we do not usually ask you to finance our ventures but there is no way Darin can pay for this trip. Please seek the Lord to see if He wants you to help us with this speaking tour – it does not matter how small your gift is, every penny will help.

### Feedback

It is always encouraging to get feedback and to know that we are not labouring in vain. I hope that you will also be encouraged by the following.

*I enjoyed the ministry last Saturday. I shall be using many of the quotations in our open-air witness.*

**Organiser of a public meeting**

*Thank you for your ministry. God sent you with a blessing for us and we give Him all the praise. But thank you for the time of study and prayer you put in. We appreciate you both.*
